Meadows and Woodland

Work continues thanks to David Parkin and our volunteers, just a couple of photos taken over the past few months.

If you feel you can help, volunteers meet every Tuesday morning at 10am to undertake routine maintenance.

For further information, David can be contacted by email at: dparkin@btinternet.com

It was very disappointing to see the recent intentional damage in the Meadows. The vandalism has been reported to the police and NCC. A huge thank you to Jim Scott, David Parkin and other members of our community for all the help, time and effort they have given retrieving items from the river and in making the area safe with initial repairs. If anyone has any information that may help find who was responsible for the damage, please contact David or one of your Parish Councillors.
