Full Fibre Broadband could be on its way!

The Gigabit Voucher Scheme has been set up to fund fibre installations to every eligible business and residential property in your local area. But it is time limited so register now before the fund runs out.

Alncom are one of the few Government registered suppliers - and we are local. We have already built fibre networks and connected thousands of people in the North East & Borders with high speed broadband. This means that they can now access all internet services, enjoy online gaming, conduct video calls around the world, watch 'buffering free' HD TV and work efficiently from home – all at the same time!

The project is demand led so please register your interest – the more interest we receive, the greater chance we have of making it a reality ...

Register your interest NOW at: www.alncom.co.uk or call 01665 604816 for more information

If you want to know more about the government funding visit: gigabitvoucher.culture.gov.uk

Willowburn Industrial Estate, Alnwick, Northumberland NE66 2PF

Why choose Alncom?

Local Support

Our dedicated customer support team and tech experts are based here in Alnwick and only ever a phone call away.

No Price Hikes

A deal is a deal - we never raise prices during your contract.

Rural expertise

We are rural broadband experts and pride ourselves in connecting digitally isolated homes and communities.

FREE Installation

We will arrange the most convenient time to pop round and install your full fibre broadband connection.

Our engineers will also help answer any questions you may have.
